About the Conference

Canada's Medtech Conference 2026 presented by Medtech Canada

Health Innovation: Healthier Canadians, Stronger Economy

Join leaders from across the health care ecosystem for an engaging and forward-thinking event focused on driving health innovation in Canada. This conference will explore how adopting cutting-edge technologies and innovative practices can improve patient outcomes, strengthen our health care system, and contribute to a more resilient economy.

Key Discussion Areas:

- ✓ Adopting Health Innovations
- ✓ Procurement & Policy Perspectives
- ✓ Patient-Centered Innovation
- ✓ Artificial Intelligence in Health Care
- ✓ Building System Resilience

What to expect from the Conference

A New Chapter: Canada's Medtech Conference Comes to Oakville

For the first time, **Canada's Medtech Conference** will be hosted in **Oakville, Ontario** marking an exciting new chapter for this premier national event. Set against the backdrop of one of the GTA's most vibrant and welcoming communities, the 2026 conference will bring together leaders from across the medtech ecosystem for a day of insight, collaboration, and connection.

Hosting the conference in **Oakville** underscores Medtech Canada's commitment to engaging partners and innovators from across the country, while offering attendees an accessible, modern venue that reflects the industry's forward-thinking spirit. With its thriving business community and proximity to key health and innovation hubs, Oakville provides the perfect setting to advance the conversations shaping the future of medical technology in Canada.

Who Should Attend:

- **Medtech Industry:** CEOs, Presidents, and General Managers; VPs/Directors of Sales, Marketing, Government Relations, Health Policy, and Business Development
- **Government:** Federal and provincial officials from Health, Economic Development, Global Affairs, and Treasury departments
- **Healthcare Providers:** Leaders from hospitals, long-term care, community, and home care organizations
